<p style="text-align: center;">Why GLA on Top</p> <p>It is really amazing to see the growth of GLA University, especially how the University has highly dedicated professors, credible Vice Chancellor and director. The university strictly follows the norms laid down by the UGC or other regulatory bodies. It has highly qualified and experienced faculties. The campus residential facility to students and also the innovative and advanced curriculum deserve applause. With well equipped infrastructure and consistently in placement the University emerges as one of the best institutions in India and No.1 in Uttar Pradesh.</p>		
<p>2</p>  <p>www.snu.edu.in</p>	<p>Shiv Nadar University Dadari (G.B. Nagar)</p>	<p>The University is moving forward with good courses, faculty, infrastructure and future planning. Quality control seems to be the top priority of the promoters. This makes future of both the University and the students bright. In future it may emerge as a challenge for other Universities of the state. Partial area of the premises is wetland and matter is under NGT Jurisdiction. Now its best emerging private university in India.</p>
<p>3</p>  <p>www.amity.edu</p>	<p>Amity University, Noida</p>	<p>The biggest can never be the best. It is the story of this University. It has everything—mega campus, high turnover, best faculties hundreds of courses, thousands of employees but something is still missing. The UGC report says that many courses being offered here are useless. External campuses are not recognised. Fee is very high. Medal culture prevails. Main focus on higher classes students but their consistency in job & research is very low. Even then it attracts major number of students and have good foreign tie-ups.</p>
<p>4</p>  <p>www.bbdu.ac.in</p>	<p>Babu Banarasi Das University Lucknow</p>	<p>Many institutes associated with it are working well. It has earned good credibility. This is the reason it has become very popular in a short span. Now emerging with most disciplined and transparent Mechanism. Very particular to the point and systematic work culture as per the guideline of the UGC.</p>

5

Sharda University Greater Noida

(Third Rank in Private Universities)

www.sharda.ac.in

The infrastructure of the University is good. Despite having many achievements in its account, many questions can be raised over the quality of the students admitted. The management's focus on recruiting good teachers is worth praising. University has now realised its fault and standardised its education & evolution methodology by introducing central universities norms & methods. Medical College of the University have good reputation.

6

Swami Vivekanand Subharti University, Meerut

(Fifth Rank in Private Universities)

www.subharti.org

It is among the largest Universities of the state. There are many courses. Some are good while some are average. The vision of the promoters is good, but much needs to be done to improve the quality of the courses. If some wrong steps harm the reputation there is no harm in withdrawing them. Dental collage Design College of the university are best in U.P.

7

Rama University Kanpur

(Eleventh Rank in Private Universities)

www.ramauniversity.ac.in

It is the newest University in the state, which has started functioning from 2014 itself. Since its promoters have been associated with medical and dental services and also with certain educational institutions, their experience and popularity is good. It sees good possibilities in future.

8

Galgotias University, Greater Noida

www.galgotiasuniversity.edu.in

It is among the best and popular institutions of Delhi/NCR. The credibility too is high. But much needs to be done for quality of the courses. In last year, sudden fall in the popularity of the university due to same controversy related to loan, LateFee charges and crunch of good faculty. Now it is not the first choice for the students.

9

Teerthanker Mahaveer University Moradabad

www.tmu.ac.in

The University expanded speedily and has got good number of students. It has also tried to cater to the needs of the region. But the quality and standards which are needed with expansion have not been maintained. The Medical and Dental College of the University is reputed.

10

Integral University, Lucknow

www.integraluniversity.ac.in

It is an old institution and is investing funds on its infrastructural growth. It is popular but much needs to be done on quality control. The University also has off Campus, which is not recognised by the UGC.

11

Jagadguru Rambhadracharya Handicapped University, Chitrkoot

www.jhu.com

It is the institute working with a difference. It is dedicated to imparting higher education to the handicapped student.
