### Do's

- You all are required to arrange the said requirements in point 7 before the exam.
- Use a dedicated device for the exam.
- You are required to register your face on GLA LMS if not done till now. For this contact your class advisor. Your admit card to login into online examination system is your Face ID.
- You are advised to join in a mock test which will be communicated soon by concerned department. If you do not appear in mock, then you will be responsible for any difficulty faced during examination.
- On the day of examination, you are required to login (details will be shared soon) at least 15 minutes before the scheduled time.
- During the exam, you should make necessary ambience arrangement at your home for appearing in exam.
- It is preferred to have a clear background like wall while appearing in examination.
- Do not ignore any warnings or messages displayed on your screen. Rather do read it properly and act accordingly.
- In case of notification, **"Sorry your internet connection found in-active! Please check it to save your answers before attempting next question. Check your connection or re-login to activate it."** Do not submit your answer by just ignoring this message. Rather check your connection, if the problem still persists, just close the browser and re-login again.
- In case of notification **"Sorry! You can not login on multiple devices. Your session is already active from dd.mm.yyyy hh:mm. Please logout your session from another device or browser first."** In this case, wait for the next 2-3 minutes to session getting logged out automatically, if not, then contact the examination proctor.
- Do not change the device or internet connection, otherwise, you will get the message **"Sorry! You can not attempt this from current IP address. Because you have started this Exam from IP address: xxx.xxx.xxx.xxx and now your IP address is: xxx.xxx.xxx.xxx Please contact proctor for details."** In this case, call your proctor and ask him for permission to use new IP with valid reason.
- When you finally submit the paper by clicking Save & Finish Exam button, it may display the message **"The service is unavailable."** In this case, close the browser and now you can re-login to check the summary of the paper submitted.

## **Don'ts**
