Memorandum of Understanding
between the Board of Regents of the University of Wisconsin System,
University of Wisconsin-Stout

And

GLA University Mathura, India

This letter recognizes the intent of the University of Wisconsin-Stout, Menomonie, Wisconsin, USA, and GLA University, Mathura, Uttar Pradesh, India, to enter into mutually beneficial collaboration based on the shared interests of these institutions of higher education.

University of Wisconsin-Stout, Menomonie, Wisconsin, USA, is a comprehensive, career-focused Polytechnic University within the University of Wisconsin System where students, faculty and staff use applied learning, scientific theory and research to solve real-world problems. It is a special mission, higher education institution that offers a distinctive array of undergraduate and graduate programs leading to professional careers focused on the needs of society and presented through an approach to learning which involves combining theory, practice and experimentation. University of Wisconsin-Stout is the first university in the United States to receive the prestigious Baldrige National Quality Award given by the United States Department of Commerce.

GLA University, Mathura, Uttar Pradesh, India is a multi-disciplinary, pace-setting university located in North India with 25 years of sustained focus on excellence in higher education, applied research and community service. It enjoys a NAAC (National Assessment and Accreditation Council) rating of A+, signifying a leadership position in teaching and research in established and emerging professions. It stresses on a wholesome balance across both curricular and extra-curricular activities to produce graduates who are in high demand in industry, government and academia. The University consists of various faculties and departments such as Institute of Engineering & Technology, with branches such as Computer Engineering & Applications, Mechanical Engineering, Civil Engineering, Electrical Engineering, Electronics Engineering, etc, Institute of Pharmaceutical Research, Institute of Business Management, Institute of Applied Sciences and Humanities, Department of Bio Technology, Department of Law, Department of Education, Faculty of Agricultural Sciences and University Polytechnic. The university's alumni are dispersed all across the globe, contributing to all areas of human endeavour with distinction.

The purpose of the memorandum is to establish an initial agreement for academic collaboration between the University of Wisconsin-Stout and GLA University Mathura. This collaboration is planned to include, but not be limited to, research, scholarly activity, student exchanges, faculty exchanges, articulation and/or transfer agreements, and short-term visits.

Commitments for efforts, funding, resources, and the terms of specific projects will be determined by separate follow-up agreements approved by all parties. It is understood that any agreements between the University of Wisconsin-Stout and GLA University Mathura are subject to prior approval by each organization's administration and the availability of funding.

It is expected that this agreement will lead to the development of interactions between and benefiting the two institutions and that will lead to better understanding of each other's cultures and systems.
